

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SOUTH CENTRAL BELL TELEPHONE)	
COMPANY'S PROPOSED VINTAGE ESSX)	CASE NO. 91-164
AND DIGITAL ESSX TARIFF)	

AMENDED ORDER

On January 13, 1992, the Commission issued an Order in this case approving rates for digital ESSX service as filed by South Central Bell Telephone Company ("South Central Bell").

South Central Bell filed two sets of proposed rates in this case. The first set of rates was filed by South Central Bell on June 24, 1991. A second set of rates was filed on November 18, 1991, in conjunction with a cost-of-service study requested by the Commission.¹ The Order of January 13, 1992 did not specify which set of rates was to be implemented. Also, it did not take notice that South Central Bell proposed that tariff revisions not be implemented until 60 days after the effective date of a Commission decision.² This Order clarifies and amends these omissions.

¹ See South Central Bell's response to the Commission's Order dated October 8, 1991, Item 1.

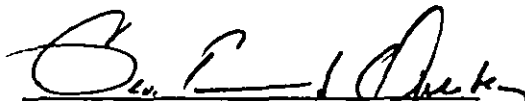

² General Subscriber Services Tariff, Section A12, Central Office Non-Transport Service Offerings, second revised page 2 and Section A212, Vintage Central Office Non-Transport Service Offerings, original page 1.

IT IS THEREFORE ORDERED that ordering paragraph 1 of the January 13, 1992 Order is hereby amended to read as follows:

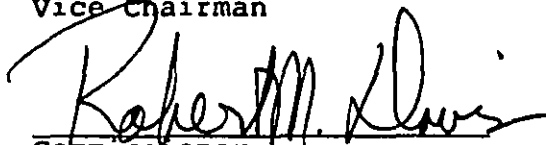

1. South Central Bell's revisions to its vintage ESSX and digital ESSX tariffs are approved as originally filed and, where applicable, as subsequently amended, for service rendered on and after March 13, 1992.

Done at Frankfort, Kentucky, this 15th day of January, 1992.
